DATA SHEET

LOGITECH TAP IP

Meetings start with just one touch with Logitech Tap IP, a network-connected touch controller for Logitech room solutions. With clean cable management and a range of available mounts, Tap IP installs easily and stays up and running.

MEETING ROOM TOUCH CONTROLLER WITH POE CONNECTIVITY

More than a meeting room controller, Logitech Tap IP helps you achieve a consistent and seamless user experience across your video conferencing deployment.

This purpose-built touch controller has just the right presence with a spacious 10.1" display and sleek, low profile. Take advantage of its single Power over Ethernet (PoE) connection and variety of mounting options to install the touch controller anywhere in the room. Prevent accidental disconnections thanks to built-in cable retention and strain relief, and be confident that each room stays ready for the next video meeting.

EASY TO USE

- 1 One-touch join:** Easily start and join meetings with just one tap.
- 2 10.1" touch display:** Spacious and responsive touch screen resists fingerprints for high legibility, and is sealed to protect components.
- 3 Motion sensor:** Built-in motion sensor allows for always-on readiness when a user approaches, and saves power when idle.
- 4 Sleek, low profile:** Comfortable 14° angle allows for easy viewing, while providing an unobtrusive presence in the room.

SIMPLE TO SET UP

- 5 Single PoE cable:** One cable for both power and data means flexible placement anywhere in the room, untethered to the room system and without the need for long cable runs.
- 6 Clean cable management:** Built-in cable retention and strain relief system hides the PoE cable entirely within its enclosure, and secures it to prevent unwanted disconnections.
- 7 Multiple mounting options:** Secure Tap IP almost anywhere in the room with available Table, Riser, and Wall Mounts for convenient placement near room participants.

Raise the viewing angle with the **Tap Riser Mount**.

Place flat and secure in place with the **Tap Table Mount**.

Save space at the table with the **Tap Wall Mount**.

PICK YOUR PLATFORM

Tap IP can be configured with leading video conferencing services to deliver a seamless and consistent meeting experience across your deployment.
